### CATHOLICS AT HELENA

Members of the Clergy and Laity Received Monsigner Satelli.

ANACONDA'S DELEGATION

Fathers De Siere and Altaevs Of ficiated as Deacons-A Pleasant **Event-Address of Welcome** and Response.

Rev. Father Allaeys and Mesers La-Salle and Smith have returned from Hel-ens, where they attended the ceremonies attendant upon the reception of Mon-signor Satolli, the papal delegate. To a STANDARD reporter yesterday Father Al-laeys described the services as most impressive and beautiful. Representatives of the Catholic church in Montana were present from all parts of the state, and the citizens of Helena, regardless of re-ligious belief, joined in making the arch-

bishop's visit a pleasant one.
At the cathedral, the Te Deum was sung and the following address, in Latin, was delivered by Bishop Brondel, and was afterward read in English by Dr. O'Gor-

To the Most Illustrious and Reverend Monsignor Sabili, Archbishop of Nanpacten, Delegate Apostolic:

Most Illustrious Prelate—Fifty years ago the natives of the Rocky mountains undertook three journeys of 6,000 miles each to obtain Catholic priests. Soon the civilized peoples poured into this region and the pontif happily reigning created Montana into a diocese and honored the city of Helena with an opiscopal see. Six years ago the Most Eminent and Reverend James Cardinal Gibbons treated the citizens of Helena to a visit. But now you are here, the apostolic delegate, sent for the prestige and advantage of the church in the United States of North America. Whilst the Catholic propie receive you with very great manifestations of love, and honors in the legate him who delegated, the non-Catholic citizens of this country rejoice and coine forward to manifest their regard for you personally. They are American citizens who welcome you; they are American citizens and noblest republic, and to serve as a crown to the American church. As to the harmony of the enurch and the affections of the poole, you, with the ancient Roman victor, can say in the name of the Lord: "I came, I saw, I converted the world our faith. The years of the

with the ancient Roman victor, can say in the name of the Lord: "I came, I saw, I conquered."

May this spiritual victory be the one that conquers the world, our faith. The victory of the apostolic delegate is ours, for we enjoy the unity of faith. By that faith we believe that the ponisif, who sent you to us, is the vicar of Christ, the successor of blessed Peter, prince of the apostoles. By that faith we believe that the charity of Christ is diffused in our hearts. By this virtue we receive you with love, by faith we hear you with fidelity, through those virtues of faith and charily we foster the hope to execute whitever shall appear just to you and to see the increase of good works, together with the edification of the Christian people.

In reply to this address, the a rehbishop made the first extemporaneous speech that he has ever delivered in English. His address was a pleasant one and referred to his journey across the continent and to the associations of mountains, called montana in the vulgate. He concluded by wishing every blessing to those present, their families and to all the citizens of this commonwealth.

At the services following the addresses, Fathers DeSiere and Allaeys were deacons of honor, assisted by priests from the eastern part of the state.

At 5 o'clock in the afternoon Thomas Cruse gave a dinner in honor of the apostolic delegation at his home.

In the evening a magnificent reception was tendered Monsignor Satolli at the episcopai residence. Besides the gentlemen from Anaconda, there were present delegations from Butte, Great Falls, Livingston and other points. The reception began at 8 o'clock and continued until 10:30. The ablegate received the visitors with rare grace and kindliness and made a pleasant impression upon those who met him.

A few minutes before 4 o'clock yester day morning an alarm of fire was turned in from box No. 17 by a police officer. The department responded quickly and lo-cated the fire in the rear of the old saloon building at the corner of Cherry and Front streets. The fire had made but little headway and was subdued in a short time. It thought that the fire was the work of a fire bug, as the building was unoccupied.
The property is said to be owned by William Read of Columbia Falls, and from conversation with insurance agents in the city it appears to be uninsured.

No New Cases,

At the board of health meeting last evening Dr. Spelman reported that there had been no new cases of small-pox within the city since the last meeting. He said Dr. McKenzie and himself were kept very busy during the hours public vaccination was given by them, and that citizens seemed to fully realize the pro-

citizens seemed to fully realize the protecting effect of inoculation.

The board discussed the compulsory vaccination question and decided not to adopt the regulation for a day or two, as the doctors were having about as much as they could attend to at present. It was thought if this measure was made operative now with a time limit the rush would be greater for a day or two than the doctors could handle; but when the demand for vaccination had fallen off, the few who had not come into the fold could be reached by compulsory measures.

Dr. Stephens' patients at the quarantine hospital were reported yesterday as progressing favorably.

A Peculiar Accident. H. O. Stuart's 3-year-old stallion, Cecil, met with a serious accident at the race track yesterday afternoon. Mr. Price had been driving the horse and had taken him to the stable. While engaged in unhitch-ing the horse a coat blew off the sulky seat and scared the animal so that he ran away. Before he reached the gateway to the grounds some one called to a man standing near the entrance to put up the standing near the entrance to put up the bar across the drive-way, which was done with the result that the horse ran against it and was thrown down. The animal received severe injuries about the front legs and his head struck the ground with such force that all his front teeth and the roof of the mouth were loosened. The teeth were all driven in an inward slanting direction, and it will be impossible for the horse to eat ordinary food for a long time.

Raffle for horse and buggy will take place at the park on Monday evening, the 3rd, at 7:30 o'clock. All those bolding paid tickets will be entitled to a throw. H. J. ALLEN.

There will be a meeting of the Upper. Works fire department at their hall at the upper works on Saturday evening, July 1, to make arrangements to participate in the Fourth of July celebration. All members are requested to be present.

JOHN S. DOUGHERTY,
Chief of Fire Dept.

In order to accommodate those p who are too much engaged during the day Dr. Spelman will hold a night session in which vaccination will be administered between the hours of 8 and 9 o'clock.
